“Savannah adventures” collection

Wild Savannah meets magical adventures in this beautiful collection featuring Harry the lion and his cub who do not part for a moment as they happily explore the wild along with their Savannah pals.

We have created a fantasy world to embrace and delight babies & their parents through play. This collection is inspired by the animals and habitat of the Savannah, incorporating current pattern and color trends to add pleasure to every home.

We are proud to add the “Savannah adventures” collection to our range of products, offering new innovative developmental toys for babies & toddlers to help fill every moment together with joy & happiness.
